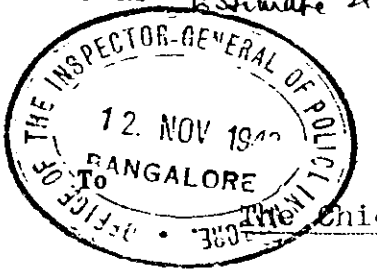
No. A.R.P. 434/42-43.
Encls. Estimate & report

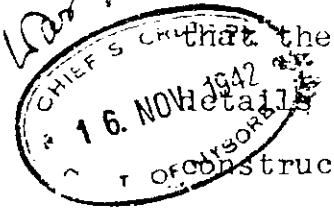


Date 11th November 1942.

To The Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Through: The Inspector General of Police in Mysore.

Sir Construction of Protective Walls for Wardens' Posts in the A.R.P. North Division of Bangalore City.



In enclosing an estimate for constructing protective walls for Wardens' Post in the A.R.P. North Division of Bangalore City, I have the honour to state that the report accompanying the estimate explains the details in full. I solicit sanction of Government to construct the protective walls at a cost of Rs. 1,056/-, the amount being met out of the A.R.P. Budget provision for the year 1942-43.

Forwarded with compliments

I have the honour to be,
Sir,
Your most obedient servant,

Inspector-General of Police

A.R.P. OFFICER, BANGALORE CITY.

KVN 12.xi.42

REPORT TO ACCOMPANY THE ESTIMATE FOR CONSTRUCTING PROTECTIVE WALLS FOR WARDENS' POSTS IN NORTH DIVISION.

There are 20 Wardens' Posts for the 21 Sectors of the North Division. Of these, 3 are situated in old dilapidated mud buildings and it is not possible to make them blast and splinter proof. A few of the posts are contemplated to be changed to other premises and Warden's Post of Sectors 7 & 8 situated in Central College Pavilion needs no additional protection.

The present estimate refers to 10 Wardens' Posts and the required lateral protection is given by the minimum amount of masonry. The thickness of the protective wall is 18" and the walls built in cement mortar 1:4 as per recommendations of Major Sansome, though the walls of many of the posts themselves are built mostly in brick in mud to a thickness of 9" to 13½". Since there is no suitable building in Munireddipalya, an additional room will be recommended to the existing Police Out Post and the estimate will be submitted seperately. Later on it may be converted into a store room.

The rates provided are the minimum workable, and the estimate amounting to Rs.1,056/-, may kindly be recommended for sanction. The cost will be met out of the budget provision.

A.R.P. Officer,
Bangalore City.

REPORT TO ACCOMPANY THE ESTIMATE FOR CONSTRUCTING PROTECTIVE WALLS TO WARDENS' POSTS IN SOUTH DIVISION.

There are 17 Wardens' Posts for the 18 Sectors of the South Division, the post for 10th & 11th sectors being combined. All the posts are located in tolerably good buildings but there has been a proposal to change the premises in the case of 4 Posts. One of the posts is located in the Hospital zone and two more in Government schools for which action has been taken by the P.W.D. At present, the protective walls are all constructed in mud and it is expected that they will be dismantled and rebuilt in cement. The present estimate provides for the protective walls for 10 Wardens' posts.

The total cost of the estimate is Rs.1,136/- and will be met out of the budget grant for the year. The provisions are made as per recommendations of Major Sansome, the Structural Precautions Officer of A.R.P.

The estimate may kindly be recommended for sanction.

M.R. Ranganathan

A.R.P. Officer, Bangalore City.

No. P.W.4668 *Bangalore, dated* 7th January 1943.

FROM

The Secretary to the Government of His Highness the Maharaja of Mysore.

To

The Chief Engineer of Mysore,
Bangalore.

Grant for A.R.P. Works.

Sir,

With reference to correspondence ending with your U.O. No.299 dated 12th December 1942, requesting for a total additional grant of Rs.2.0 lakhs under "24 Civil Works" for redoing certain A.R.P. works as per Major Samsone's instructions and for fresh A.R.P. works during the year, I am directed to observe that it is very much to be regretted that a large part of the expenditure incurred last year for the baffle walls, et has now been declared or is found to be ineffective resulting in loss to Government. Necessary precautions have now to be taken to see that such avoidable expenditure is not incurred at least hereafter.

2. As Major Samsone has not suggested the reconstruction of all works, the idea of rebuilding works already done may be given up altogether and attention confined to the provision of efficient protections to the men working in the several institutions, where such do not already exist.

3. It is only in the case of hospitals, laboratories, factories, etc., that the redoing of the works already done may be necessary and only such works may be taken up for the present.

P.T.O.,

4. The present programme and requirements may therefore be reviewed again in the light of the above remarks and a revised programme with the minimum additional grant required furnished immediately for orders.

I have etc.,

(Sd) L.A.H. Winckler,

Secretary to Government,
Public Works Department.

Date 8th January, 1943.

CHIEF SECRETARY
1943

To

The Chief Secretary to the Government of Mysore,
Bangalore.

Through: The Inspector General of Police in Mysore, Bangalore.

Sir,

I have the honour to bring to your kind notice that in the estimate for constructing the blast walls in the various Warden's Posts of the City, the rate of brick-work has been reduced from 7½ annas per cubic foot to 6 annas. The proportion of cement mortar used is 1:4 and there is no schedule rate for this proportion of cement construction. The data for arriving at this rate has been given in the enclosed sheet. Further, this is a group of small works distributed all over the City and the Contractor has to carry the materials from place to place to construct these small blast walls. Further these works have to be done very urgently. Hence the rate of Rs.0-7-6 per Cubic Foot provided for may kindly be sanctioned.

Further, the measurements of some of the items have been reduced. As the height is provided as per the specifications of Government of India, the quantities given in the estimate are necessary. They may kindly be retained.

These details have been explained to the Chief Engineer also. Under the circumstances, the estimate as originally provided for may kindly be sanctioned.

Rc. 2013/42-3. dt. 9.1.43
